CAND .- In presenting curselves to

citizens of Canton and vicinity, w bog leave to say that we intend opening this week, in Casselly's new brock, the largest tick of Hats, Caps and Furs that have ever been offered to this public. Our stock will be enthrely new and will comprise all the full and winter styles. Our facilities for supplying the market with these goods are unsurpossed, and we are at perfect liberty to say that we can afford to sell them as low, if not lower than they have ever been sold in Canton before. We intend making our business here a permanent institution. and we expect by fair and honorable dealing with the public to succeed. All we ask of a generous community is to give us an opportunity to prove what we state by calling on us and examining our goods. East Tuscarawas street, 3d door from the square. Yours, very truly,
